Staff Advisory Council

Last school year, a task force of representatives from across campus designed a plan for the Staff Advisory Council. That plan includes the mission of the council and guidelines for the meetings.

The first Staff Advisory Council will be scheduled by Superintendent Laird for the end of September. All working units and special interest groups are encouraged to have their SAC representatives chosen by the third week in September so they will be ready to attend the first meeting.

Copies of the Staff Advisory Council Mission and Bylaws are available in the Visitor and Information Center. For more information, stop by and ask for a copy.

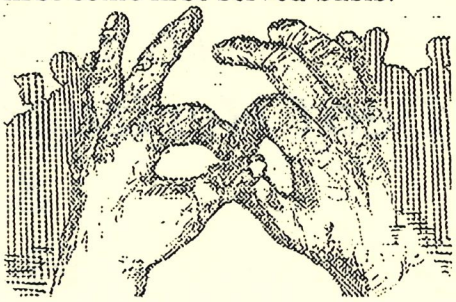
Transition Class

Transition Consultant Ann Titus has agreed to do one final transition class before she moves to Illinois. Fifteen staff members were on a waiting list from last year. Those people had "first choice" for this class, however, a few openings still exist.

The class will be held on Wednesday, September 7 and Thursday, September 8, 4 - 8 pm in the Multi-Purpose Room. Contact Mary Alice Moon at ext. 196 as soon as possible to register. Classes are limited to fifteen participants. Nearly 100 people have been through this class and every one has left with a very positive feeling. Don't miss this last opportunity to take the class from Ann. The open slots will be filled on a first come first served basis.



ISD in Kid's Fair

WTTV Channel 4 will sponsor their 2nd annual Kid's Fair on Saturday, September 10 and Sunday, September 11, at the RCA (Hoosier) Dome, from 10 am to 6 pm. ISD's booth will exhibit ASL activities and games. Students from several departments will present ASL poetry, stories, numbers, games, etc.

All are welcome to come - about 20,000 people are expected to attend. Admission is $5 for adults, $3 for children 12 and under **or** $2 For Kid's Club members (must show membership card - available free at any area Dairy Queen). There will be 150 booths, and also child tv stars Jodie Sweetin (Full House) and Jonathan Taylor Thomas (Home Improvement) will sign autographs. ISD's booth is #70, located near the center of the exhibition. See you there!

Clerc Quotation

A familiar and treasured quotation of Laurent Clerc's is actually not his. "A day when Deaf people and their language are completely accepted - no more than that, truly welcomed - a part of the family of man, in which God created diversity not to oppress the minority who are different, but to enrich the lives of all." was written by Harlan Lane speaking as if he were Laurent Clerc in an address Gil Eastman and he gave at the Second National Symposium on Sign Language Research and Teaching. [Caccamise & Hicks, (eds.) *Proceedings of the Second National Symposium on Sign Language Research and Teaching.* Silver Spring, MD: NAD. pp. 327-334.]

Lane explains that "Laurent Clerc did leave a brief autobiographical sketch; he also published a couple articles in the American Annals of the Deaf; he left some correspondences that are in the Yale Library; and he gave many talks with Gallaudet at fund-raisers for the Hartford school - those talks were published in early American newspapers. From all of that material by Clerc, and from considering his life and work, I came to believe that he understood Deaf people as a minority based on language and that he valued human diversity. He actually says in his bio sketch that there are different kinds of trees in his orchard, as there are different kinds of people, and why that is so will be revealed in heaven. So that is the basis on which I wrote 'My name is Laurent Clerc' and which led me to the final sentence [quoted above]."

DOH Reorganizes

State Health Commissioner Dr. John C. Bailey has reorganized The Indiana State Department of Health "to provide leadership as well as organizational efficiency and effectiveness throughout the entire organization."

Of special interest to the ISD community is the creation of a new position on DOH's "manning table" with "responsibility for oversight and liaison with the five institutions." Dr. Bailey, in an August 16 memo announcing the reorganization, expressed his intention to hire someone for this new position "in the very near future."

ISD Welcomes Ball State University Students

ISD is delighted to announce that the Ball State program is back on our campus. Nine students are currently participating in the program. They will live in Koob Hall for the 1994 - 95 school year. In addition to taking BSU classes here on campus, they will be helping in the classrooms and doing a wide variety of volunteer services throughout the school in order to develop an understanding of Deaf Culture and improve their ASL skills. The group cited the Bi/Bi philosophy at ISD as a major factor in their choice of BSU's Deaf Education program. The students are all excited about being here.

This year's BSU participants are:
